"We both want to thank you for all you've done to help make our dream come true. We love our new home in St. Germain.

"We'll never forget the day we first met you. We were on our way back to Illinois after one of our vacations up here. We were riding through St. Germain after stopping at the bakery that someone had recommended to us and when we rode by your model home, Donna said she wanted to stop in and see it. I told her I'd stay in the car with the dogs. A few minutes later she came out and said, 'Man, you've got to meet these people and come and see this house'. It wasn't long before we started thinking seriously about a Marshfield home. Thank you for all the work you did to help us find a lot and thanks to both of you for helping us with all our plans including finding a wonderful Realtor in Illinois who did a great job selling our home there. You've both been wonderful and we couldn't have done this without you." — *Yvonne and Dawn*

"Thank you for continuing to work with us in the ways in which you have. Six weeks ago we knew nothing about frost charges, wells, septic, bedrock, permits, utilities, grades, terracing, draws, lien waivers, double moves, and sectional vs. modular. Thank you for your patience. We would like to reiterate how happy we are that we made contact with you and chose to work with you. This has been a huge Leap of Faith for us, really it has. We know that we are different than probably many of your buyers. It's a learning experience for all of us. If we seem to ask a lot of questions — it's because we are inquisitive people. We like to know why we are making choices so that we don't have to say, "oh, we wished we would have known that before." Thank you for allowing us to get this education. We hope we haven't inconvenienced you too much. If there's anything we can do to help, please let us know. Otherwise we'll be waiting to move!

"So once again, thanks so much and don't let our high energy and excitement bother you. We're just excited and can't wait to move into our beautiful Marshfield home!" — *Mike & Debbie D.*

"It was good to see you guys again and to see your new model. Thanks again for everything you have done for us. We just love everything. It has been a real pleasure working with you and we hope we can stay in touch and see you over the years. After you get the model set up, try and take some time off to relax and rest up." — *Ken & Arlene*
